

**Lecture „Pervasive Computing“  
WS 2021/2022**

Topics for student presentations

<b>Topic</b>	<b>Student</b>	<b>Student</b>	<b>Date</b>
The Internet of Materials: A Vision for Computational Materials <i>IEEE Pervasive Computing</i> (2), 2020	Martina Greco	Francesca Corte	Jan 13, 2022
Toward Wirelessly Cooperated Shape-Changing Computing Particles <i>IEEE Pervasive Computing</i> , (3) 2021	Muhammad Atta Ur Rahman		Jan 13, 2022
Electronic Textile Gaia: Ubiquitous Computational Substrates Across Geometric Scales <i>IEEE Pervasive Computing</i> (3) 2021	Maria Raimo		Jan 13, 2022
A Case for Camera-as-a-Service <i>IEEE Pervasive Computing</i> , (2) 2021	Aleksandrina Dzhudzheva	Melisa Midžan	Jan 13, 2022

- plan a 20-minutes presentation (including discussion)
- provide a 2-3 pages summary (including title, author, references) and presentation slides on Monday prior to your presentation
- potential dates: Jan 13 and Jan 20, 2022
