

**Lecture „Sensor Networks“
SS 2021**

Topics for student presentations

Topic	Student	Student	Date (preliminary)
<i>WirelessHART: Data Link Layer and MAC</i> various Internet sources	Marija Gojkovic		June 10, 2021
<i>Continuously-Coupled Clocks</i> Simeone et al. Distributed Synchronization in Wireless Networks. Signal Processing Magazine, 2008	Manar Barahma		June 10, 2021
<i>Pulse-Coupled Clocks</i> Simeone et al. Distributed Synchronization in Wireless Networks. Signal Processing Magazine, 2008	Niccolo Cecchinato		June 10, 2021
<i>Localization in Wireless Sensor Networks</i>	Markus Gutmann		June 10, 2021

- plan a 15-minutes presentation
- provide a 2-3 pages summary (including title, author, references) and presentation slides on Monday prior to your presentation
